New Year's Eve Mystery

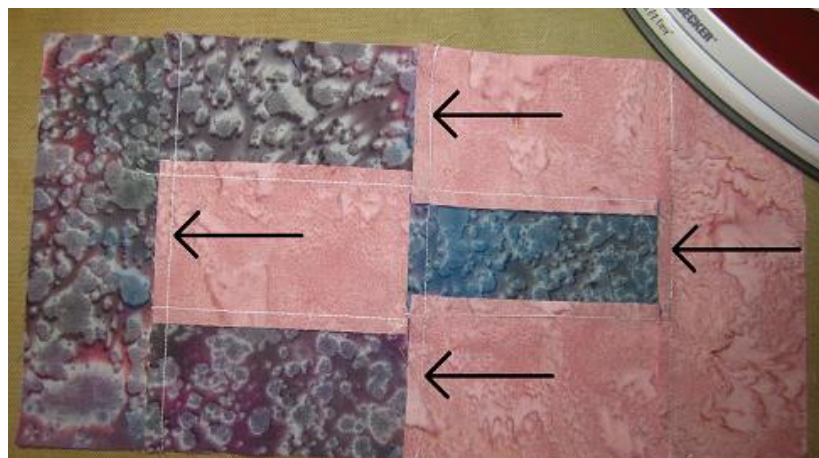

Step Six

Guess what? Now you can put the block together. Just sew the units from Step five together.

The seam allowances of the triple sets should be going in opposing directions to make it go together nicely.

And now you can press using an iron. I pressed my seam allowances all in the same direction; starting on the light side I pressed them all to the dark side.

Now your block is finished!

Yes, it's that simple.
