

New Year's Eve Mystery

Delaware Quilts

Step Nine:

The next step is the final step of the mystery and will show you how to assemble your quilt. You may not be ready for it...so if you want to keep it a mystery, don't open the next two steps...

Also, **VERY IMPORTANT**, if you are making anything larger than the lap quilt, do not follow the directions in the next step, just read and wait for me to post directions for larger quilts.

If you have enjoyed this mystery may I ask you to consider making a small donation to my Relay For Life fundraising efforts. Every dollar brings us closer to the cure.

And if you would like to get in on more mystery projects you should look into joining Mysteries For Relay, a Yahoo Group where I host a new mystery every six weeks or so. I ask for a \$5 donation per mystery or you can get a whole year's worth for a \$30 donation.

Thank you
