

Crooked Stars

RW&B Crooked Stars made with coordinated fabrics

Have you ever wanted to make a quilt and just ignore all the rules?

Have you ever wished you could make stars and not lose your points, or use them in a project that it doesn't matter if you lose them or not?

Have you ever wanted to just sit down and sew and relax and enjoy what you are making and not have to stress over every little detail?

If you answered yes to any of the questions above, then Crooked Stars is the pattern you have been waiting for. These won't be the most perfect blocks you've ever made, but that is what makes this an enjoyable project. Whether scrappy or planned, this is a quick, easy and fun project

You can make your Crooked Stars into a wall hanging or a king size quilt; it will simply depend on how many stars you want to make and how big you want to make them.

B&W Crooked Stars made with all scraps, leftovers from another quilt.

Crooked Blue Stars, also made entirely from scraps.
